EDUCATION

Northeastern University

May 2025

B.S. History and Economics

Minors: Data Science, Mathematics

GPA: 3.98/4.0

Related courses: Advanced Microeconomic Theory (PhD), Development Economics (PhD), Macroeconomic Theory, Applied Econometrics, Information Economics and Game Theory, Senior Economics Thesis, Calculus I-III, Linear Algebra, Probability and Statistics, Real Analysis, Machine Learning and Data Mining.

London School of Economics Summer School

July–August 2023

GPA: 4.0/4.0

Related courses: Introduction to Data Science and Machine Learning, History of Global Economic Development.

RESEARCH INTERESTS

I am interested in labor economics and the economics of education with a secondary interest in economic history.

PROFESSIONAL + RESEARCH EXPERIENCE

Undergraduate Research Assistant

Sep 2023 - Present

Supervisors: Prof. Bilge Erten, Dr. David Hummel, Dr. Yunus Yilmaz

Northeastern University

- Analyzed data to determine heterogeneous treatment effects of various lending schemes in India on time usage based on education, caste, and landholding
- Conducted robustness checks for a regression discontinuity design study to determine the effect of having an Islamic mayor on infant mortality using education and age variables
- Automated web scraping to collect demographic data on mayoral candidates in Turkey
- Led econometric analysis on abortion restrictions and IPV, applying TWFE, synthetic DiD, staggered event studies, and Poisson regressions for an upcoming research paper
- Maintained research organization, creating organized file systems for data and literature and writing ReadMe files

Data Science Co-Op, TJX Digital

Jan 2024 - June 2024

TJX Companies Inc.

Framingham, MA

- Led analysis on the impact of weather on Sierra store sales using an applied regression analysis, including data collection, cleaning, and modeling
- Built & deployed a Random Forest time series model for Sierra sales, decreasing error from 4.3% to 2.7% ; Managed model selection, optimization, feature engineering, and deployment
- Applied difference-in-differences methodology to evaluate the causal impact of a store remodel on sales

Research and Data Analyst Co-Op, Howe Innovation Center

Perkins School for the Blind

Jan 2023 - July 2023

Watertown, MA

- Designed a database of 1200+ companies and 900+ investors in the DisabilityTech market, automated data collection using the Crunchbase API and Python scripting
- Analyzed and reported patterns within market data using Python and statistical methods to make insights on market size, location, funding, and sectors
- Collaborated with McKinsey on a cornerstone whitepaper as the Innovation Center's first full-time researcher
- Developed interactive and accessible web-based visualizations of geographic data, companies founded over time, and categorizations of DisabilityTech products

Experience Data Analyst

Fiveable

Dec 2021 - June 2022

Remote

- Reported experience data using Amplitude and Google Analytics for over 20,000 users to drive product-focused decisions, such as a global analysis of student retention at certain times
- Implemented Amplitude data tracking in codebase for tracking user interaction and log in statistics
- Communicated data driven product recommendations to executive leadership on a weekly basis

Learning Project Coordinator

Fiveable

June 2021 - Dec 2021

Remote

- Led market research on CMS platforms for a company-wide content migration
- Performed SEO keyword research and developed content taxonomies for the eventual creation of over 1000 pieces of new content
